File 2407BG Specifications

Year and Build:	1950 / Ingalls
Construction:	Steel
Length/Beam/Depth:	140' x 36' x 11'
Gross Tons:	465
Price:	Please call for Price

Description / Comments:

Six (6) pocket scows have been re-fit with automatic hydraulically activated dump doors and heightened combing to hold more material.

The doors are remote controlled and can be dumped from the towing vessel, leaving the dump scows unmanned.

All details above are given in good faith, without guarantee, from information received from owners and/or owners' agents
